

For those who were unable to attend the Sunday Lunch on 15th May 2016, but would like to contribute their views, these are the questions asked :-

- Is it important to you that we should be able to worship in the sanctuary of the church?
- Is it important to you that Grove Street holds significant services in the church e.g. weddings, baptisms funerals?
- Is it a loss to the community that we cannot hold large civic events and concerts in the church e.g. the Hospice Bereavement Service civic events and parades?
- Is it easy for you to access the church from Grove Street?
- Should we use the vestibule for small acts of worship?

Your view is important so please feel free to respond
